# 1000 FOR EDUCATION

is an international project for the support of the education work of NEHEMIA in Albania.

We are searching for 1000 x 1000, this means 1000 persons, groups, churches, home groups, institutions, firms, families, etc. who, in the year 2006, will donate 1,000 €, 1,000 \$ or 100,000 Leke for the building of the high school in Buçimas/Pogradec.

Alternative: We are also searching for those who will win others over to this campaign, it doesn't matter if they are individuals, groups, churches, home groups, families, firms or institutions.

## How can I manage this?

1000 Euro

- ➔ this is 20 € a week for one year, or less than 3 € a day;
- ➔ for a family of three this is only 1 € a day for each person
- ➔ these are 5 € per person in a church or firm with 200 members,
- ➔ it is perhaps the sum of the presents for a firm jubilee or a birthday party.

There are many opportunities to help!

## Why?

About 500 children and youth already attend the educational institutions of the NEHEMIA foundation Albania: kindergarten, primary and secondary school, high school and a vocational training works. Today, these projects are already self-supporting. We are also planning an evening high school, the Professional Academy and the Nehemia University

The hunger for education in Albania still grows, NEHEMIA is bursting at the seams.

The school grows with the pupils. At the present there are 400 pupils from kindergarten to the 10th grade, 2 more school years follow until graduation. Until 2008, about 50 new pupils will be accepted each year. A further building is urgently needed.

## What has been already donated?

- ✓ At the present four buildings in Buçimas and Pogradec are used for the educational work (worth about 12,120,000 €).
- ✓ The building land for the new high school has been bought and paid for. (worth about 54,000 €)
