POGRADEEC (BUÇIMAS) - ALBANIA

a concept

vision.

The vision of "Nehemia" University in Pogradec, Albania is **to affect the development of the Albanian society based on biblical values.**

Some of the main values are:

- Respect for God
- Social responsibility
- Honesty
- Forgiveness
- Non-violence

goals.

The primary goals of the Nehemia University are:

to support students in their desire for higher education

to enable students to become responsible, self-thinking, initiative and co-operative leaders and experts.

to facilitate the educational process through dynamic and quality programs

to cooperate in research projects with other institutions

UNIVERSITY

concept.

The idea of Nehemia University is being shaped and formed by professionals and academics. Some of the crucial fields that will serve as the pillars of the university structure are:

-  **business & economics**
-  **education & teacher training**
-  **technology & computer science**
-  **design, art & media**
-  **journalism**
-  **modern languages & applied linguistics**
-  **medical sciences**
-  **quality & applied statistics**

The goal is to establish an elite institution of higher education with international accreditation. Academics from all over the world will be invited to contribute and teach in English, German, or Albanian. These three languages will be compulsory for all students attending Nehemia University. The Nehemia University concept is officially supported by the Bavarian Minister of Science, Research and Arts, Dr. Thomas Goppel, and the University of Eichsätt-Ingolstadt.

our mission

Nehemia University is a private institution with a local and national commitment to providing the highest quality education to our students so that they can become successful professionals in their chosen fields and positive influences in their communities.

Nehemia University also has a global perspective. We fully understand that integration into the European Community lays down enormous challenges for Albania and its people. Nehemia University believes that one of the best ways of integration for the country is through education. The quality education that we offer will help equip the Albanian people with the needed tools necessary for spiritual, social, and economic progress and development.
